Subject: Drill Hole #6

Hi Dave -

I just heard that we will be drilling a sixth hole. This one will be an 8" hole (actually, I found out this morning that they are 8-7/8" in diameter). This hole will be in Entry #1 at crosscut 138 or 138 1/2. We do not have confirmation at this point as to which one we will be doing. I will let you know when the decision is made. At that time, I can give you coordinates of the hole. We have started to push the road to the new pad. More information will follow when I get it.

Thanks,
PJ Jensen
